## RADA TIMED FLOW CONTROLS

PERFECTION AND PRECISION FOR  
SHOWERING AND WASHROOMS

**HIGH PERFORMANCE, DURABILITY  
AND STYLE, WHATEVER THE ENVIRONMENT**

# ENGINEERED FOR UNRIVALLED PRECISION

Rada Timed Flow controls are the ideal solution for the most demanding of environments with every product in the range designed to provide outstanding performance. All our Timed Flow products are WRAS approved and contain materials that are effective in limiting bacterial growth. The durability of the range is a result of our consistently high design and engineering standards, as well as the toughest testing methods in the industry. In addition, quick and easy maintenance make Rada Timed Flow controls a highly cost-effective solution.

## THE ULTIMATE IN WATER AND ENERGY SAVING

Our commitment to saving water and energy is embodied in the design and performance of every product in the Rada Timed Flow range. Economy in these areas is primarily achieved because water flow is automatically turned off after a pre-set period of time, with an economical flow rate being obtained by the adjustment of an internal flow adjuster. Timed Flow's water-saving innovations also mean that whatever the budget or application, specifiers can be sure of making the right choice in today's 'eco-conscious' world.

### Washrooms

No matter what the environment, our showering and washroom Timed Flow Controls range is engineered to provide dependable, durable performance and cope with extreme levels of use, including a selection of finishes and features designed to provide choice whatever the venue.

### Education

Our Timed Flow range is particularly suited for the education sector as it is built for high usage, is easy to operate, helps save water and control waste, has excellent whole-life costs and comes in a number of variants to suit all budgets.

### Multi-residential

High usage and water saving capabilities, plus excellent whole-life costs make Rada Timed Flow products the perfect choice for residential applications including private and social housing as well as student accommodation.

### Sports and Leisure

Aesthetics as well as excellent whole-life costs, water saving capabilities, ease of maintenance, durability and adaptability mean Rada Timed Flow controls can bring huge benefits to sports and leisure settings.

## **WASHROOM PERFECTION**

Each timed flow product is robust enough to make it suitable for the most demanding environments. This combines with a choice of design styles that will complement the aesthetics of any setting. Water and energy saving, ease of cleaning and cost-effectiveness is also ensured.

## DESIGNED AND ENGINEERED FOR A WIDE RANGE OF WASHROOM APPLICATIONS

### Hand washing

#### Timed Flow/ Timed Flow Plus

Products across both ranges feature an all-in-one cartridge for easy servicing. The Timed Flow range features vandal resistant control knobs and non-removable flow straighteners.

### Hand washing

#### Timed Flow Select

The Timed Flow Select range features beautiful designs and incorporates models with temperature adjustment. Enhanced functionality offers both time and flow adjustment.

### Showering

#### Timed Flow/ Timed Flow Plus

This extremely hardwearing range of showers comes with a 30 second flow duration and an all-in-one, easy to service cartridge. Timed Flow Plus combines all this with beautiful design to complement any leisure environment.

## **SHOWERING PRECISION**

Designed specifically to meet the demands of high usage environments, such as leisure clubs and sports facilities, Rada Timed Flow shower controls help to save water and energy as well as provide exceptional durability and ease of servicing.

## HAND WASHING - TIMED FLOW

### RADA T1 100 TIMED FLOW PILLAR TAP (HOT OR COLD)

PRODUCT CODE: 2.1762.056 • •

- Water saving
- Robust design
- Vandal resistant control knob
- Easy to service one piece cartridge
- Adjustable flow rate
- ½" BSP flat face inlet
- Red or blue temperature indicator included

### RADA T1 140 TIMED FLOW BIB TAP (HOT OR COLD)

PRODUCT CODE: 2.1762.057 • •

- Water saving
- Robust design
- Vandal resistant control knob
- Easy to service one piece cartridge
- Adjustable flow rate
- ½" BSP flat face inlet
- Red or blue temperature indicator included

### RADA T1 145 TIMED FLOW BIB TAP EXTENDED (HOT OR COLD)

PRODUCT CODE: 2.1762.058 • •

- Water saving
- Robust design
- Vandal resistant control knob
- Easy to service one piece cartridge
- Adjustable flow rate
- ½" BSP flat face inlet
- Red or blue temperature indicator included

## HAND WASHING - TIMED FLOW SELECT

### RADA T4 100 TIMED FLOW PILLAR TAP

PRODUCT CODE: 2.1762.080 •

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Adjustable time and flow
- Soft closing action
- ½" BSP flat face inlet

### RADA T4 105 TIMED FLOW PILLAR TAP

PRODUCT CODE: 2.1762.077 •

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Adjustable time and flow
- Soft closing action
- ½" BSP flat face inlet

## HAND WASHING - TIMED FLOW PLUS

### RADA T2 100 TIMED FLOW PILLAR TAP

PRODUCT CODE: 2.1762.064 •

PRODUCT CODE: 2.1762.065 •

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Soft closing action
- Adjustable flow rate
- ½" BSP flat face inlet

### RADA T2 140 TIMED FLOW BIB TAP

PRODUCT CODE: 2.1762.066 •

PRODUCT CODE: 2.1762.067 •

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Soft closing action
- Adjustable flow rate
- ½" BSP flat face inlet

### RADA T2 145 TIMED FLOW BIB TAP - EXTENDED

PRODUCT CODE: 2.1762.068 •

PRODUCT CODE: 2.1762.069 •

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Soft closing action
- Adjustable flow rate
- ½" BSP flat face inlet

### RADA T4 120 TIMED FLOW MIXER TAP

PRODUCT CODE: 2.1762.082

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Adjustable time and flow
- Soft closing action
- ½" BSP flat face inlet

### RADA T4 125 TIMED FLOW MIXER TAP

PRODUCT CODE: 2.1762.079

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Adjustable time and flow
- Soft closing action
- ½" BSP flat face inlet

## SHOWERING - TIMED FLOW

### RADA T1 320 TIMED FLOW SHOWER CONTROL

PRODUCT CODE: 2.1762.054

- Water saving
- Vandal resistant design
- Easy to service one piece cartridge
- Adjustable flow rate
- ½" BSP flat face inlet, 15mm compression outlet

### RADA T1 300 TIMED FLOW SHOWER CONTROL

PRODUCT CODE: 2.1762.055

- Water saving
- Vandal resistant design
- Easy to service one piece cartridge
- Adjustable flow rate
- 15mm compression connections

### RADA T2 300B TIMED FLOW SHOWER CONTROL

PRODUCT CODE: 2.1762.061

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Soft closing action
- Adjustable flow rate
- 15mm compression connections

### RADA T2 300 TIMED FLOW SHOWER CONTROL

PRODUCT CODE: 2.1762.063

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Soft closing action
- Adjustable flow rate
- 15mm compression connections

### RADA T2 320 TIMED FLOW SHOWER CONTROL

PRODUCT CODE: 2.1762.062

- Water saving
- Aesthetic robust design
- Easy to service one piece cartridge
- Soft closing action
- Adjustable flow rate
- ½" BSP flat face inlet, 15mm compression outlet
