WASHROOMS FIT FOR THE TOUGHEST DEMANDS

Sports facilities and spas need taps, showers and water controls that are always delivering a great experience, while meeting critical safety requirements and operating efficiently.

Rada is a leading manufacturer of water controls and washroom products for commercial and shared buildings. We know what it takes to deliver the best performing washrooms.

We have 80 years' experience in helping our customers to provide the best facilities for users.

- **Washrooms to be proud of** with stylish, robust products that offer a great experience and perform exceptionally well under heavy use
- **User safety put first** with precise controls and hygiene measures that safeguard against scalding and waterborne infection
- **Peace of mind** with expert service support to minimise downtime and maintenance pressures, and ensure compliance with industry guidelines
- **More efficient, greener facilities** with functionality that saves water, energy and running costs

“People want comfort and cleanliness after a workout or spa session.

Safe, stylish washrooms are at the heart of achieving this.”

CREATING HIGH-PERFORMING WASHROOMS
